

American Water Employees Contribute 4,800 Volunteer Hours Across U.S. During Month of Service

October 29, 2018

Month of Service Events Make Impact in Local Communities Across 14 states

CAMDEN, N.J.--(BUSINESS WIRE)--Oct. 29, 2018-- [American Water](#) (NYSE: AWK), the nation's largest publicly traded water and wastewater utility company, held its companywide AmeriCANS in Action! Month of Service employee volunteer event in September. More than 1,200 American Water employees stepped up to help their neighbors, participating in 90 different community volunteer projects and providing a record-breaking 5,000 hours of service.

"Our employees are fully dedicated to making the communities where we live and work better because we are there," said Susan Story, president and chief executive officer. "We are committed to helping those we serve every day of the year, and our AmeriCANS in Action! Month of Service is a great opportunity for American Water employees across the country to support our neighbors and customers."

AmeriCANS in Action! continues the company's efforts to create a lasting, positive impact for the customers and the communities the company serves as part of its ongoing [Corporate Responsibility](#) program. In its eighth year, this effort encourages teams of employees across the U.S. to volunteer in the communities where they live and work.

Employees demonstrated a diverse range of skills through projects that included a watershed cleanup in Pennsylvania, a toy drive for a children's hospital in Illinois, organizing and bagging lunches for the homeless in Kentucky, rejuvenating a park in Georgia, a park clean up in Missouri, assisting with a monthly food distribution in New York, landscaping in Indiana and a school walk-a-thon in California. We worked on over 14 projects in our new corporate home of Camden, NJ. Many employees also volunteered at animal shelters and food banks, while others teamed up with their local Ronald McDonald House, Habitat for Humanity and United Way.

About American Water

With a history dating back to 1886, American Water is the largest and most geographically diverse U.S. publicly traded water and wastewater utility company. The company employs more than 7,100 dedicated professionals who provide regulated and market-based drinking water, wastewater and other related services to an estimated 14 million people in 45 states and Ontario, Canada. American Water provides safe, clean, affordable and reliable water services to our customers to make sure we keep their lives flowing.
